

PHLOX

Each 45¢ 3 for \$1.25

Dr. Chas. H. Mayo—White with crimson eye.
Eva Forester—Large heads. Flower clear pink.
Fiancee—Beautiful waxy, white flowers.
Flash—New. Showy bright red.
Jules Sandeau—Brilliant watermelon pink.
Prime Minister—White, red eye.
Von Hockberg—Deep, velvety red.
Burgundy—Rich, deep wine glow.
Starlight—Purple, white star eye.
Lillian—Best clear salmon pink.
Mrs. Jenkins—Pure snow white.
Brilliant—Fiery scarlet, dark eyes.

ORIENTAL POPPIES

Helen Elizabeth—50c—This is a real acquisition of light La France pink. The petals are deeply crinkled.
Nancy—50c—Deep crimson flowers on long stems, with glossy black blotches at the base of each petal. 28 inches.
Hercules—50c — Immense flower, often 9 inches across, of true scarlet, borne on extra tall and sturdy stem.
Sass Pink—50c—No doubt one of the finest and largest pink poppies. The immense blooms are of fine crepe texture.
Sultana—60c - 3 for \$1.65—Brilliant watermelon pink flowers of extraordinary size
Sungod—60c - 3 for \$1.65—A brilliantly colored poppy, bright Saturn-red with golden glow. Outstanding in color, vigor and bloom.
Surprise—60c - 3 for \$1.65—Giant flowers in unusual quantities of the brightest vermilion-red which is enhanced because of the pronounced blue-black, round spots at the base of the flower.
Sonata—60c - 3 for \$1.65—Beautiful soft camellia-rose flowers in great numbers grace this variety in early spring. Large in size pleasing in color.

CHRYSANTHEMUM

Each 50¢; 3 for \$1.35

Algonquin—Fine, brilliant, double yellow. Mid-September. 18 inches.
Amber Glow — A 2½ inch flower of soft salmon or peach pink. Flowers very profusely. Blooms October
Avalanche—Large well formed double white flowers in great quantities. 2½ to 3 feet. Late September.
Burgundy—Rich deep red. Fully double. Perfect form. Early October. 2½ feet.
Harbinger—Double 2½ to 3-inch flowers of golden bronze. Grow 27 inches tall.
Red Velvet—Double 3-inch flowers of crimson. Grow 24 inches tall.
Lavender Lady—A lovely true lavender, no trace of mauve, purple, or magneta appears under any light condition. Flowers are full, double, 3 inches across. Early October.
Heatherbloom — D. (KRAUS)—Very double; heather-pink, center of shaded rose red with gold tipping. An outstanding flower.
Olive Longland — D. (KRAUS)—Three inch apricot toned salmon-pink. Blooms freely the best of the pastel shades.
September Dawn — Gorgeous deep pink of an autumn sunrise. Large double well formed flowers of 3½ inches.
Arapahoe—Huge rich red flowers. Stems 30 to 36 in. high. University of Nebraska origination.
Cecil Beed—Finest early pink mum.
Blush White—(Nebr.) Beautiful blush white large blooms.
Adoration—Large spreading double blooms. Pink on a cream background. Easy to disbud. Plants will carry 6 to 8 blooms 5 to 6 inches in diameter. Fine for cutting. Late September. 36 inches
Butterball—30 inch double. Large lemon-chrome.
Dahlia—20 inch double, wine red. September 10.
Duluth—36 inch double, yellow. September 20.
Glowing Coals—D. (KRAUS)—Bright deep cherry-red with orange reverse. Well branched plants of large sprays. One of the best early reds.
Polar Ice—A pure white double flower of 3 inches. Grows vigorously, flowers freely, and bunches nicely. Early September.
Pygmy Gold — A distinct, fine Pom Pom type. The color of a clean golden yellow. Early September.

Caliph—For intensity of color this variety cannot be equaled. The color is oxblood-red, with a rich velvety sheen or glow so prominent that it stands out conspicuously among all other Chrysanthemums of this color.

Alabaster—White incurved blooms.

Challenger—Bright bronzy red blooms

China Gold—Large double yellow

CUSHION MUMS

Bronze Cushion (King Cushion) — Deep autumn tints of bronze and copper.
Red Cushion—A splendid early crimson red variety.
White Cushion (Queen Cushion) — Extra fine early pure white.
Yellow Cushion—Pure golden yellow; early flowering and long lasting.
Black Velvet—Bushy midnight red.
Butterball—Best early butter yellow.
Coral Sea—Salmon, suffused copper rose.
Major Cushion—Best bright pink cushion.
Nanook—White mounds, cream centers.

PEONIES

Avalanche. A magnificent, pure white with a few pencillings of carmine. Delightfully fragrant; late mid-season\$.90
Edulis Superba. The large flowers of beautiful deep pink are usually in bloom for decoration Day. Very fragrant\$.90
Felix Crousse. Its large, globular flowers, are a brilliant, dazzling ruby-red. Late midseason\$.90
Special Offer. One each of the above 3 Peonies for \$2.50
Festiva Maxima. Large flowers, often 7 to 8 inches in diameter. Flowers pure white, dotted carmine. Fragrant; early\$.90
Karl Rosefield. Huge ball-like flowers of rich velvety-crimson. Extra fine; early midseason\$ 1.00
Longfellow. Perhaps the most brilliant of all red Peonies. Early midseason. Very fine show or garden variety\$ 1.25
Martha Bullock. Gigantic, cupped shaped flowers of bright old-rose pink. Rose-like fragrance; late ..\$ 1.75
Myrtle Gentry. "The Perfect Peony." Immense flowers of beautiful light pink changing to rosy white. Late\$ 1.75
Reine Hortense. Very large flowers of beautiful uniform light pink. A prize winner at the shows. Mid-season\$ 1.25

GUARANTEE AND CONDITIONS

We are careful to keep our varieties true to name and will replace any portion of the stock that may prove otherwise, or refund the price paid for such portions. It is agreed that the original price shall be the maximum damages the purchaser is entitled to. Any material failing to grow will be resupplied at one-half the original cost of the stock provided we are informed of such failure prior to October 1st following purchase.

These prices are for delivery at the nursery or to your residence in Waterloo or Cedar Falls. Out of city orders will be delivered F.O.B. to post office, express, and freight and truck line terminals.

TERMS OF PAYMENT are cash on or before delivery of the stock, unless previously otherwise agreed upon. Remittances may be by check or any convenient form, payable to Meyers Nursery.

MEYERS NURSERY

AMERICAN ARBOR VITAE HEDGE

VIRGINIANA JUNIPER

UPRIGHT JAPAN YEW

Fall planting of Evergreens is recommended by all good authorities. They are dormant then and if they are dug with a good ball of earth will transplant very satisfactorily.

Come out to the nursery and select your trees. We have thousands to select from.

The smaller types are the most suitable for use in the foundation planting, near walks, drives and buildings

GLOBE ARBOR VITAE

SPECIMEN EVERGREENS

that furnish All-year Beauty

See Page 6 for description and prices

FOR HEDGES WE SUGGEST

LOW — Globe Arbor-Vitae,
Taxus Cuspidata, Taxus
Capitata, American Arbor-
Vitae.

TALL — Pyramidal Arbor-
Vitae, Hemlock, Norway
Spruce, Taxus Capitata,
American Arbor-Vitae, Jun-
iper Virginiana Glauca.

PYRAMIDAL
ARBOR VITAE

SPREADING YEW

AMERICAN HOLLY

... Specimen Evergreens ...

ARBORVITAE

American, Thuja Occidentalis—A selected dark green, broadly pyramidal form grown from cuttings. It is the hardest and most drought-resistant Arborvitae. **Globe**—2½ to 4 feet. A dwarf form which makes compact globes without trimming. **Pyramidal**—15 to 20 feet. Grows in columnar form with shearing. Brighter and darker green than the common Arborvitae. Much used in entrance, foundation. **Siberian**—10 to 15 feet. One of the hardiest of all the Arborvitae, very compact, broadly conical in form and with dense dark green foliage.

JUNIPER

Chinensis, Chinese Juniper—20 feet. Resembles Red Cedar. Does not get red in winter. **Cannarti J. virginia cannarti**—15-20 ft. A grafted form, clear green throughout the year. Needs shearing to make a close, regular pyramid. Unexcelled year round. **Dundee**—A grafted narrow pyramidal form with compact regular growth without shearing. **Plumosa, Andorra Juniper**—1½ feet. A rich, bright green in spring and summer, and attractive purplish bronze in winter. **Pfitzer**—5 to 6 feet. A dwarf variety of the Chinese Juniper. The foliage is bluish-green and the branches grow out horizontally from the stem. **Sabina, Savin Juniper**—4 to 5 feet. A bushy little tree with semi-erect branches and clear green foliage. **Virginia**—25 to 30 feet. Sheared specimens of our native Red Cedar. Splendid blue or green summer coloring, purplish-red in winter. Thrives in poor dry soils.

PINE

Mugho, Dwarf Mountain Pine—3 to 5 feet. This makes a compact dome-shaped bush broader than high. Size apply to width rather than height. **White, P. Strobus**—60 to 100 feet the softest foliage of the pines. Endures some shade and is the longest lived and largest growing pine. **Austrian**—25 to 30 feet. Bright green at all times and endures city conditions exceptionally well.

SPRUCE

Black Hills—50 to 70 feet. A native of the Black Hills. It does very well over a wide range and makes the finest specimens of all Spruce. **Colorado Blue**—Selected Blue Specimens or Shiners. **Norway Spruce**—A rapid growing, thrifty Evergreen with wide adaptability as to soils and locations. This

FIRS

Balsam Fir—Beautiful, heavy, lustrous deep green foliage. Fine for ornamental planting and for "living Christmas trees". Also a good windbreak tree. **Concolor Fir**—Long graceful needles, varying in color from light green to gray-blue. Tree grows compact and shapely. **Douglas Firs**—A hardy, Quick growing, drought resisting, deep green tree. Ideal to use as an ornamental or windbreak tree.

YEW S

Japanese—Japanese Yew, spreading T cuspidata—4-6 ft. A spreading irregular bush form. Can be kept low by shearing.

Japanese Yew, Upright T. capitata—8-12 ft. Broadly pyramidal. May be sheared into any form.

VEGETABLE and FLOWER SEEDS

We are stocking a complete assortment of vegetables and annual and perennial flower seeds in packets and cartons. The cartons contain about enough seeds for one planting in the ordinary garden. Peas, beans and sweet corn are packed in cartons and sell at 20¢ per carton. Most other vegetables and flowers sell at 10¢ and 15¢ per packet. These seeds are furnished to us by the FERRY-MORSE SEED CO., which is one of the largest growers of seeds in the country. All of the varieties we stock are adapted to this vicinity and are the best strains to be had. We are now stocking Burpee Flower and Garden Seeds.

Besides the seeds in packets, we are offering the following seeds in bulk. These seeds are available at the nursery or we will send them to you postpaid anywhere in Iowa at these prices.

BARTLETT PEAR

... MEYERS HARDY FRUIT FOR IOWA ...

APPLES

EARLY VARIETIES

- **Beacon**—This new apple originated at the Minnesota Fruit Experiment Station. The fruit is large, solid bright red of very fine quality. It ripens in August.
- **Yellow Transparent**—The favorite early apple. Ripens in July. Bears young, heavily and every year.
- **Red Duchess**—Top of the list for summer cooking apples.

FALL VARIETIES

- **Wealthy**—The grand fall apple that does well everywhere. Large size fruit, striped red, tender, juicy, excellent quality.
- **Fameuse (Snow)**—Crimson striped apple, with pure white flesh, juicy and of highest quality. October.

WINTER VARIETIES

- **Jonathan**—Almost everybody knows it and likes it. A fine bright red apple of highest quality with crisp flesh.
- **Haralson**—Large good red apple that keeps all winter. Heavy bearer, very hardy.
- **Fireside**—A hardy and productive tree of the Delicious type, equal to it in quality. Suitable for northern sections.
- **Red Delicious**—This is the original Delicious which originated in Iowa and has been planted from coast to coast for its superb quality and mild juicy flavor.
- **McIntosh, Solid Red**—This large red apple is popular in the east, and also in sections of other states. Fresh snow-white of very high quality.
- **Yellow Delicious**—This is now the most popular yellow apple in all America. It bears young and heavily.
- **Min-Jon**—The brand new, four-star "Minnesota Jonathan", originated by the Minnesota State Breeding Farm. It produces beautiful, luscious apples way up to the Canadian line. Dark shiny red all over, with yellow crisp flesh.

CRAB VARIETIES

- **Whitney**—Always called a Crab, but as large as some apples. Red striped fruit of excellent flavor, not tart. Makes delicious pickles and butter.

PRICES OF APPLES AND CRAB APPLE

PEARS

- **Bartlett**—Our most popular summer Pear. Fruit is large, yellow with blush, juicy sweet, high quality.
- **Lincoln**—Early fall pear. A good grower and producing good crops of fruit delicious for both canning and eating.
- **Parker**—A new summer pear ripening a few days after Bartlett. Tested in Northern Iowa, it is harder than Bartlett. Good bearer. Highest quality. Blight resistant.
- **Patten**—Originating in Iowa, this is a very hardy Pear which can be planted in cold sections like northern Iowa, Minnesota, etc. Ripens in August. The fruit is large, yellow with blush, juicy, sweet, luscious flavor. Good bearer.

PLUMS

- **La Cresent**—Outstanding yellow plum. The big, tender, sweet fruit makes delicious preserves and pies.
- **Pipestone**—The grand big new purplish-red plum from Minnesota, as large as tropical fruit but all hardy. Finest quality; excellent for canning or eating fresh. Bears young and heavily; ripens in August.
- **Red Coat**—Big prune-shaped plums of vivid scarlet; rich, juicy, meaty flesh of delicious flavor. Entirely freestone.
- **Stanley**—A new prune-type plum from New York that is rapidly becoming the most popular of all plums. Large, dark-blue, prune-shaped fruits. The rich yellow flesh is firm, sweet and delicious flavor. Exceptionally fine for eating fresh and canning. A heavy regular bearer. Ripens in early September.
- **Superior**—A plum that should be in every planting. Immense fruit of clear rich red firm meaty flesh of rich, delicious flavor. Can be peeled as you would a peach. Ripens early in August. A good pollinizer for other plums.
- **Waneta**—Juicy, medium sized fruit of rich, fine flavor; dark purple skin and flesh. Excellent for canning. Bears enormous crops.

PRICE OF PLUM TREES

4 to 5 feet	Each \$1.75	10 for \$15.00
5 to 6 feet	Each \$2.00	10 for \$17.50

CURRENTS

- Full of tangy, snappy flavor that makes perfect jelly alone or with other fruits. 2-year No. 1 bushes—hardy and easy to grow. Shipped Prepaid at planting time.
- **Cherry**—Tremendous yields of large, red, tasty berries. Easy to pick.
- **Perfection**—Improved strain that gives biggest yield of spicy berries.
- **Red Lake**—Juicy red berries on long bunches. Hardy, disease-resistant.

State varietyEach, \$.60; per 10 \$4.98

BLACKBERRIES

- **Alfred**—Earliest blackberry. Productive. Large fruit. Profitable.
- **Snyder**—Very hardy and productive.

State variety. Postpaid from nursery.
 10 for \$1.75; 25 for \$4.00; 100 for \$12.00

ASPARAGUS

Washington Variety—Introduced by U. S. Dept. of Agriculture—hardy long-lived, rust resistant. Plant in rich soil, 4 in. deep, 18 in. apart in rows 4 ft. apart. For best results, fertilize annually.

12 for \$9.00 25 for \$1.60 50 for \$2.75
 100 for \$4.75

RHUBARB

Giant Victoria (Wine Plant) — This is the largest and best of the seedling varieties. Good, heavy stalks, juicy stems. Rich wine in color.

Heavy Roots, Each, \$2.20; 10 for \$1.50
 Jumbo Roots, Each, \$3.30; 10 for \$2.50

McDonald Seedless — Produces stalks of giant size, bright red—tender and flavorful. Does not go to seed.

Each division \$.65; 3 for \$1.75

Finest new black cap black raspberry. Introduced by Iowa State College, this berry is large, firm and glossy black. It picks easily, does not crumble and is excellent for freezing and canning because the berries retain their shape perfectly. One of the finest and most delicious berries you'll find.

Heavy No. 1 Plants

6 for \$2.10 12 for \$3.85
 100 for \$25.00

STRAWBERRIES EVERBEARERS

Gem, Everbearing

We have grown and sold the "Gem" for many years. They are the biggest, reddest, juiciest strawberries we ever grew. They "make" new plants, stand drouth and bear lots of fruit all summer long.

Streamliner, Everbearing

Very large fruit of brilliant scarlet red, has exceptionally rich quality and flavor—the grandest berries imaginable for eating fresh, canning, freezing, preserving. Just 8 or 10 weeks after planting you start picking these immense, juicy berries, continuing until frost stops them in the fall. Plants are unusually strong, healthy and reproductive.

POSTPAID PRICES—EVERBEARERS
 25 for \$1.75 100 for \$5.50 200 for \$10.00

JUNEBEARERS

Giant Robinson, Junebearer

Robinson is glossy, scarlet red, with a sweet, mild flavor. Giant size, conical shaped. Abundant crop.

RELIABLE DUNLAP

The berries are dark crimson, with deep red flesh of marvelous quality. The plants are healthy, vigorous, and very productive.

POSTPAID PRICES

50—\$1.65 100—\$2.75 200—\$5.00
 500—\$10.25
 Premier, 50—\$2.25 100—\$3.50

PEACHES

Peaches in Central Iowa should be planted where they will have as much winter protection as possible.

➤ **Hale Haven**—Rivaling the Alberta, this peach is a few days earlier and harder.

➤ **Polly**—Claimed by some as the hardiest peach. A large, blushed, free stone, ripening just before the Alberta. White flesh.

5 to 6 feet Each \$1.75 10 for \$15.50

EVERGREENS

The Deep Rich Tones Enhance the Beauty of Your Summer Garden and Furnish Winter's Cheer

See page 6 for prices and description

PFITZER JUNIPER

CANNARTI JUNIPER

Door-step Planting

Evergreens dignify the doorway and at the same time establish a feeling of warmth and welcome so desirable at the entrance.

DUNDEE JUNIPER

MUGHO PINE

AUSTRIAN PINE

A favorite for ornamental planting, either in the background, or as a choice specimen on the lawn. Invaluable as a windbreak.

There is nothing that can quite take the place of Evergreens. In the summer their stately dignified grandeur adds serenity to the riot of colors in other vegetation, and in the snowy winter their cheerful freshness gives one a comforting promise in the bleak landscape that spring will come.

DOUGLAS FIR

AMERICAN ARBOR VITAE

COLORADO BLUE SPRUCE

A very desirable, well shaped Evergreen. Heavy foliage of a rich glistening blue which flashes

... Plant MEYERS FLOWERING SHRUBS ...

Pink Flowering Almond—4 to 6 feet. Large, double, pink flowers before the leaves.

Barberry, Green Leaf (Thunberg's Japanese) — Ideal for border and low foundation planting. Makes a low, dense, rounded bush 3 feet tall and just as wide. Grows in sun or partial shade. The foliage colors a beautiful bronzy-red in the fall, with bright red berries.

Red Leaved Barberry — 3 to 6 feet. A form with purplish red foliage all summer if in sun.

Cotoneaster Acutifolia Quinceberry—5 to 8 feet. Small glossy, dark green leaves with brilliant fall coloring. Splendid hedge plant.

Gold Twig Dodwood — 6 to 8 feet. Highly decorative with golden yellow bark in winter.

Dogwood, Red-Twigged — 6 to 8 feet. Good foliage coloring red in fall. Bright red bark in winter.

Dogwood, Elegantissima — 6 feet. Silver edging on the leaves makes a pleasing contrast to other shrubs.

Euonymus alatus — Winged Wahoo — 6 to 10 feet. Broad corky wings on the twigs, red berries and brilliant fall foliage makes this attractive at all seasons. Unexcelled for specimens.

Forsythia intermedia, Yellow Bells—6 to 8 feet. Arching branches. Blooms very early. Branches may be forced indoors.

High Bush Cranberry — 6 to 10 feet. The fruiting form of the common Snowball. Bright scarlet berries in the fall.

S60 Hydrangea, P.G. — At first the coneshaped flowers are white, then turn pink and bronze. When cut they last for many weeks inside. It thrives in partial shade. Grows 4 to 6 feet tall and is in bloom from mid-summer to frost.

Honeysuckle Zabelli — 10 to 12 feet. Upright growing dark green foliage, rosy red flowers and bright red fruit. One of the best of all honeysuckles.

Honeysuckle Tartarian — 6 to 8 feet. Upright. Pink or white flowers, red berries.

Lilac, Old-fashioned purple — Large very attractive, pleasingly fragrant clusters in May. Most popular and loved lilac of them all. Hardy and vigorous.

Rothomagensis Lilac—Many large blooms; beautiful reddish-lilac. Very Hardy.

Aurea, Golden Mockorange—4-5 ft. A dwarf compact variety with yellow foliage.

Coronarius, Sweet Mockorange—8-10 ft. The old fashioned kind.

Virginialis, Virginal Mockorange—4 to 5 feet. Large, semi-double, fragrant, quite continuous.

Ninebark Golden Leaf — 4-5 ft. A very hardy shrub having white flowers in May and June. Very attractive yellow foliage.

Prunus—cestana, Hansen's Purple Leaved Plum — 6 to 8 feet. Bright reddish-purple foliage throughout the season. Purplish-pink blossoms purple fruit. The best red-leaved shrub.

Triloba—Double Flowering Plum—7-8 ft. Clear pink, double rose-like flowers in April-May. Much admired by everyone

Quince—Japanese Flowering, Cydonia japonica—4 to 6 feet. Scarlet flowers before the glossy green leaves.

Snowberry—Red, Indian Current — 3 to 5 feet. Endures densest shade and dry soil. Covered with small red berries in early winter.

Snowberry, White — 3 to 5 feet. Endures much shade, Large white berries in fall.

Spirea—Anthony Waterer—2 to 3 feet. Very compact, Pink flowers all summer.

Billardi—4 to 6 feet Bright pink fluffy flowers in spikes July-October. Upright grower.

Spirea, Froebelli — 3 to 4 feet. Resembles Anthony Waterer. More vigorous. Purplish-red fall foliage.

Spirea, Thunbergi — 3 to 4 feet. Slender, arching branches and fine feathery light green foliage. White.

Sorbifolia Ash Leaved Spirea—2 to 4 feet. Splendid foliage, white plumes in July.

Vanhouttei Vanhoutte Spirea—5 to 7 feet. Commonly called Bridal Wreath. White flowers in May. Graceful habit. Thrives almost everywhere.

Tamarix pen randa, Blue-Green Tamarix—4 to 8 feet. Fine feathery blue-green foliage. Racemes of delicate pink flowers.

Weigelia—Eva Rathke Red Flowered Weigelia—4 to 6 feet. Rich reddish-purple flowers June-August.

Rosea, Pink Weigelia—4 to 6 feet. Mass of pink in June. For protected places

Privet (Amoor River) — This is the best of the hedge plants. Can be trimmed to any height, very dense, dark green foliage.

PLANT MEYERS HEDGES

Meyers Hedge Plants should be spaced 12 inches apart excepting for Honeysuckle and Spirea vanhouttei which may be spaced 2 feet apart. A single row of plants is enough for a good hedge

... Plant MEYERS SHADE TREES ...

Ash, Green — A fast growing shade tree. Not easily broken by storms or likely to be injured by pests.

Birch, Cutleaved Weeping — 30 to 40 feet. A very attractive ornamental tree with white bark and fine drooping branches.

Birch, European White — 30 to 40 feet. A hardy attractive tree with white bark.

Ash, European Mountain — A valuable tree on a small lawn; scarlet berries.

Elm, American White — 80 to 100 feet. One of the best of all shade trees. Thrives in almost all situations.

Elm, Chinese — Extremely rapid and dense growing. Suitable for dry soils. Twigs fine and much bent. Leaves small and remain green late. Cut back heavily in transplanting.

Elm, Moline — A very vigorous upright variety of the above with large, close set leaves. Budded and all one type.

Hackberry — strong, rapid growing shade tree.

Locust, Moraine — 50 feet. A new patented tree completely seedless and thornless with a pleasing vase shape similar to the elm. The small compound leaves make a filtered shade.

Lombardy Poplar, Populus nigra italica—50-70 feet. The well known very columnar poplar widely planted for tall screens, accents and hedges along drives. The dense upright branches form a slender tapering tree from the ground to a slightly pointed top.

Linden—American Tilia Americana — 60 to 80 feet. Large leaves, splendid shade tree.

Maple — Schwedler, Purple Norway — 40 to 50 feet. Large, bright purplish-red foliage in spring, turning to bronzy-green in summer and yellow in fall. Budded on common Norway Maple. One of the most colorful shade trees.

Maple—Hard or Sugar—One of the best shade trees which colors brilliantly in the fall.

Maple, Silver — A beautiful fast growing Maple, with compact, sturdy branches and large, dark green leaves. One of the best.

Maple, Crimson King — In the spring the foliage is a rich red and carries this deep red foliage through the entire season.

Red Oak Pin, Quercus borealis — 60-80 feet. One of the faster growing of the upland Oaks.

Oak Pin, Quercus palustris — 75-90 feet. Grows rapidly in moist soil. Leaves are retained and color splendidly. Transplants easier than most oaks. Lower branches somewhat drooping.

Willow, Niobe Willow — 40-50 feet. Golden yellow bark, very long penulous branches. Strikingly beautiful as a specimen or at the waterside. Very rapid grower. Plant early.
